Leave Policy

Overview

SWS AI provides a structured leave policy to ensure employees can maintain work-life balance while the organization meets its operational needs. All leaves must be applied for in advance through the HR portal, except in emergencies.

Annual / Earned Leave (EL)

Employees are entitled to 18 days of earned leave per year, accrued at 1.5 days per month. Unused EL can be carried forward up to a maximum of 30 days. Any unused leave beyond 30 days will lapse.

Sick Leave (SL)

Employees are entitled to 10 days of sick leave per year. Sick leave cannot be carried forward. Medical certificates are required for sick leave exceeding 3 consecutive days.

Casual Leave (CL)

Employees are entitled to 6 casual leave days per year. CL cannot be carried forward or encashed. A maximum of 2 consecutive days can be taken as casual leave at a time.

Maternity Leave

Female employees are entitled to 26 weeks of paid maternity leave as per the Maternity Benefit Act, 1961. Additional unpaid leave of up to 8 weeks may be granted upon request.

Paternity Leave

Male employees are entitled to 5 days of paid paternity leave, to be availed within 3 months of childbirth or adoption.

Compensatory Off (Comp-Off)

Employees who work on weekends or public holidays may be eligible for compensatory off. Comp-off must be availed within 30 days of the extra day worked and requires manager approval.

Public Holidays

SWS AI observes a list of public holidays published at the beginning of each calendar year. The list includes national holidays and select regional holidays relevant to office locations.

Leave Without Pay (LWP)

Leave without pay may be granted at the discretion of HR and management when an employee has exhausted all other leave types. LWP impacts variable pay and annual increments.

Leave Application Process

All leaves must be applied for via the HR portal. Emergency leaves must be communicated via call or message to the manager, followed by a formal application in the portal within 24 hours.
